Continuation of 2. NOTE: The limitation of an "amino acid sugar" to claim 36 would require further considerations (and or searches) under 35 USC 112, 1st paragraph, new matter as the suggested amendment includes new parameters for consideration. Furthermore, th limitation of a lyophilizate that "contains no polyethylene glycols or additional proteins" changes the scope of the invention which would require further seaches and considerations. It further appears that this limitation would invoke a rejection under 35 USC 112, 1st paragraph (new matter) as the disclosure does not suggest nor contemplate the specific exclusion of polyetheylene glycols or additional proteins.
